

# RED FOR ED SCHOOLS AND PROFESSION UNION

## LET'S USE OUR POWER AND INFLUENCE TO GET THE BLUEPRINT RIGHT.

The Blueprint means \$1.1 billion for valuable programs and increased salaries and staffing over the next three years. Now we need a 10-year funding commitment from the General Assembly that is long term and sustainable.

**WE MUST** continue the #RedForEd movement that helped FIX THE FUND and pass THE BLUEPRINT.

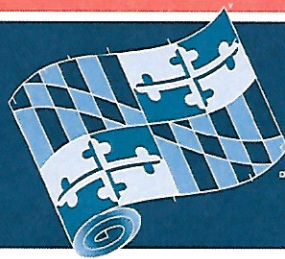

**WE MUST** fight hard—through our collective bargaining power—to be sure the implementation of the Blueprint serves our students.

**WE MUST** educate our elected leaders about the funding needs of our students and schools and seek their support to pass the funding we need in the 2020 General Assembly.

SPEAK UP FOR THE  
FUNDING AND POLICIES  
YOU AND YOUR  
STUDENTS DESERVE.
